

DIVERSITY IN MEDICINE

AMSNY supports programs across the educational continuum to expand the pool of students choosing careers in medicine and other health professions. The programs are supported through a grant from the State Department of Health, with additional financial assistance from the medical schools.

POST-BACCALAUREATE & MASTER'S DEGREE PROGRAMS

The programs provide coursework, financial assistance, mentoring and comprehensive support services to students recommended by participating medical schools. Students are referred through wholistic admissions processes and offered conditional acceptance to medical school.

DIVERSITY IN MEDICINE SCHOLARSHIP PROGRAM

Started in 2017-2018, this scholarship program aims to address the gap in physician diversity. The full tuition scholarship helps medical students from backgrounds underrepresented in medicine by eliminating the financial barrier to medical school enrollment.

- ➔ 10 initial scholarship recipients, 40 students when fully funded
- ➔ Students from medical schools throughout New York State
- ➔ Scholarship pegged to SUNY tuition
- ➔ Up to 4 year service commitment in an underserved area of NYS

PATHWAYS TO CAREERS IN MEDICINE AND RESEARCH City College of New York

Students are mentored by National Institutes of Health (NIH) researchers, who help them develop and conduct independent research projects. At the conclusion of the program, research projects are presented locally and nationally.
